

GREATEST CARNIVAL OF YEAR COMING TO DIXON FOR THE ELKS

Exalted Ruler Miller Has Arranged for Appearance in City.

Announcement was made this morning by Exalted Ruler Charles E. Miller of Dixon Lodge No. 779, B. P. O. Elks that arrangements have been made for the appearance here of the greatest carnival that has shown in Dixon since the Hootstock-Ferrari Shows appeared here under the auspices of the Elks a number of years ago.

For sheer, stupendous, scintillating surprises the big shows which will be produced in Dixon for the first time under the contract which was closed last night will rival anything shown at any of the amusement centers of the nation. Sensational, terrifying stunts, which will be the cause of unceasing wonder on the part of the spectators will form a part of the shows, and the marvelous concessions will reach the pinnacle of perfection. In fact the coming carnival is guaranteed by the producers to be a most carefully selected combination of the supreme carnival shows and acts of the year.

Because of the great demand for the presentation of the Supreme Winter Carnival in the larger cities Mr. Miller was able to get the shows for but one night in Dixon, and accordingly they will be seen by Elks and the members of their families over the age of 16 years at the Elks' club on Thursday evening, Nov. 6, but despite the fact that but one evening's performance is to be given here it is promised that it will be complete in every detail.

The committee of ladies who will have the carnival in charge and who met at the club parlors last evening are as follows:

Mrs. W. W. Gilbert, chairman; Lester Street, Robert Sterling, Frank Rosbrook, Lee Ray Miller, Chas. R. Leake, C. L. Gerhart, Charles Miller, C. H. Martin, J. E. White, John B. Crabtree, Richard C. Bovey, S. J. Mall, S. W. Youngman, W. Worthington, Paul Bruckner, Mark C. Keller, Clark Rickard, Harry Quick, A. A. Rowland and Ed Dysart.

By Associated Press Leased Wire
Cleveland, O., Oct. 29.—Seven persons, six men and one woman charged by the police with being identified with radicals in another plot to terrorize the nation by a series of bomb explosions, next spring were being held by police today and others were being sought in what is expected to be a national clean-up of revolutionists.

Five men and one woman were arrested last night and a sixth man was arrested this morning.

Police in several eastern cities have been asked to arrest a man said to be the leader of the plot.

FIND EXPLOSIVES

By Associated Press Leased Wire
Cleveland, O., Oct. 29.—Discovery of a radical plot to spread terror throughout the nation by another series of bomb explosions next spring was announced by the police here today following the arrest last night of five men and one woman, suspected of having planned the destruction of the Central Police station.

The arrests were made in four simultaneous raids, following information that an attempt was to be made to bomb Central Police station here. One of the men is believed by the police to have been active in bombing Mayor Harry L. Davis' home June 2, last.

With the prisoners the police captured a large quantity of high explosives, one complete bomb, several incomplete bombs, a number of automatic pistols and a supply of ammunition and much anarchistic literature.

The police declared the bombs were similar to those used in the bombing of Mayor Davis' home. They believe the arrests will lead to apprehension in other cities in connection with the country-wide bomb outrages which occurred last May and June.

TAX ANTICIPATION WARRANT IS ISSUED

Commissioner Frank D. Palmer at last evening's session of the city council, offered a resolution providing for the issuance of tax anticipation warrant, No. 1 in the sum of \$3,000, this to be used for general purposes. The action was taken following the adoption of a resolution offered by Mayor Mark D. Smith in which it was set forth that there was not sufficient money in the treasury of the city to meet and defray the ordinary and necessary expenses.

Two supplemental assessment ordinances covering the special assessment on the east end and Everett street paving were filed with the council.

NEW PROPRIETOR AT TESCHENDORFF STORE

First street and will take possession next Monday morning. Mr. Teschendorff has not determined upon his future plans.

Have You Answered the Personal Call?

The Jewish welfare committees which started out yesterday report satisfactory progress. Up to the present only the factories and down town districts have been visited.

It will greatly facilitate the work of the soliciting committees if subscribers to the worthy cause will leave or mail their subscriptions to the treasurer, Mr. A. P. Armstrong or at any bank in which they may deal.

SHERRARD BANK LOOTED OF BIG SUM IN BONDS

By Associated Press Leased Wire
Rock Island, Ill., Oct. 29.—Blowing the door off the safety deposit box vault and breaking the individual deposit boxes open with a hammer and other tools stolen from a nearby blacksmith shop, robbers some time during the early morning today made a haul of \$45,000 in liberty bonds, belonging to a hundred of the depositors of the State Bank of Sherrard, Ill., near here.

The robbery was discovered this morning when the janitors entered the building.

Because of the similarity of the Sherrard robbery to the one at Mason City, Iowa, the night before, in which \$10,000 in liberty bonds was taken, the authorities are said to be trying to link them up in an attempt to run down the robbers.

By Associated Press Leased Wire

Satisfied with Swiss Election Return

By Associated Press Leased Wire
Berne, Switzerland, Oct. 29.—Satisfaction with the results of the election to the national council which show only 37 socialists chosen on the final count, is expressed by the Bourgeois Press today. The Swiss democracy, this newspaper comments, withstood victoriously a strong attack on the part of the extremists who had been boasting that the Bourgeois parties would be snowed under. The final results show that the council with a total of 189 members will be made up as follows: Radical democrats 63; catholic conservatives 42; socialists 37; the new peasant party 27; liberal democrats 9; eastern Switzerland democrats 4; Grutelanders 3; progressive Bourgeois 1; Evangelist 1.

National Finance is Stirring Parliament

By Associated Press Leased Wire
London, Oct. 29.—National finance was the topic up for debate in the house of commons today with the government facing probably as critical body of members as ever in the history of parliament. More than 100 members had given notice of a desire to speak and all were understood to be prepared to belabor the government for its alleged waste and extravagance. Some of the government's keenest critics are among the supporters of the coalition, including such staunch unionists as Sir Edward Carson and Lord Robert Cecil.

LABOR MEETS DEC. 13 IN CAPITAL; CALLED BY FEDERATION TODAY

To Discuss "Grave Dangers Menacing Labor's Foundation."

By Associated Press Leased Wire
Washington, Oct. 29.—Chief of the National and International Unions affiliated with the American Federation of Labor were called today to meet here Dec. 13, "to formulate such action as may be essential to safeguard and promote the rights, interests and freedom of the wage earners."

The call, issued by the federation's executive council and the heads of the four railroad brotherhoods, declared labor was confronted with "grave dangers affecting the very foundation of its structure," and that it was imperative that the responsible representatives of the workers agree upon "fundamental principles" which will maintain "the right of free men."

No specific topics for discussion were outlined, but it is known that pending anti-strike legislation will be one of the principal subjects. Other matters expected to be taken up include collective bargaining and the right of organized labor to choose its own spokesmen as it sees fit, subjects which finally resulted in the dissolution of the National Industrial Conference called by President Wilson.

TAKE RAIL STRIKE VOTE.

By Associated Press Leased Wire
Pittsburgh, Pa., Oct. 29.—Officials of the four railroad brotherhoods and shop crafts today started taking a strike vote of the 1,500 employees of the Union Railroad who operate trains in steel plants of the Pittsburgh district. The result of the vote will not be known until next Sunday and in event the men favor a strike they will be called out in sympathy with the striking steel workers, according to the brotherhood executives.

Say Reds Make Trouble.

A statement in connection with the steel strike, addressed to congress by the representatives in congress by the Homestead Chamber of Commerce was made public here today. The chamber says its membership is thoroughly acquainted with the industrial situation as far as the steel industry of western Pennsylvania is concerned, and expresses the opinion that American workmen are in favor of the industrial peace but are interfered with "only by imported leaders or agitators and alien workmen."

To remedy the situation, the chamber urges the enactment of laws placing under government regulation combinations of employers and capital, and of employers and labor organizations.

HINES CONSIDERS DEMAND.

By Associated Press Leased Wire
Washington, Oct. 29.—Director Gen. Hines has not reached a decision on the wage demand of the Brotherhood of Railway Trainmen. Details of the recommendations made by the board of railway wages were discussed today by officials of the railroad administration with President Lee and the union's strike committee to develop how the recommendation would work in practical application.

Mr. Hines hopes to make an award in the case in the near future.

REDUCE H. C. L. FIRST.

By Associated Press Leased Wire
Washington, Oct. 29.—The first wage demands of railroad employees to reach the stage of decision since the strike of shop men precipitated a general labor crisis last summer were up for discussion today by Director Gen. Hines and President W. G. Lee and the strike committee of the brotherhood of Railway Trainmen.

Mr. Hines, it was expected, will be guided in his decision by the policy laid down by President Wilson under which no general wage increase would be given until the government had a chance to reduce the cost of living. Another important question is that of time and a half pay for overtime.

MEMORIAL ASSN. TO HOLD BAZAAR; OPENS SATURDAY EVENING

A meeting of all of the committees in charge of the Dixon Memorial association's bazaar, which will open at Rosbrook's hall Saturday evening and continue all next week, will be held at the G. A. R. hall this evening to perfect the arrangements for the bazaar. The fair, through which it is hoped to raise sufficient funds for the proper care of the graves of all soldiers buried in Oakwood cemetery and to carry on suitable Memorial Day exercises next year, will give the public an easy means of helping in the cause and the promoters expect large attendance each evening.

ENGLISH OFFICER SAYS PETROGRAD WILL NOT FALL

Says Reds Are Working In Harmony and Are Strong.

By Associated Press Leased Wire
Helsingfors, Tuesday, Oct. 28.—Lieut. Col. Lestrang Malone, a liberal member of the British house of commons, has returned after a daring unofficial visit to Petrograd. He told friends here that he was convinced, after an investigation of the political and military situations of Russia, that it is improbable that Petrograd will fall this winter. He said reports of dissension among the bolsheviks were untrue and that Lenin and Trotsky appeared to be working in entire accord.

He saw Trotsky review thousands of soldiers who enthusiastically hailed him as "a divine leader." Col. Malone said the bolsheviks asserted that Gen. Denikin had lost the confidence and support of the allies and had reached an understanding with Gen. von Der Goltz and Col. Avaloff-Bernhardt, heading the southwestern army of the bolsheviks, composed largely of Germans in the Baltic provinces.

INSURGENTS MAKE GAINS

By Associated Press Leased Wire
Washington, Oct. 29.—Insurgent forces in the Kulan territory on the northwestern side of the Canadian mountains making common cause with the Kulan Cossacks have taken from the forces of Gen. Denikin, the anti-bolshevik leader, the Black Sea port of Novorossiysk and occupied the city of Stavropol, according to dispatches received today by the Ukrainian mission.

Ohio Mine Has Tragedy Today—Rescue Car Starts.

By Associated Press Leased Wire
Amsterdam, O., Oct. 29.—Twenty men are entombed in Mine No. 2 of the Youghiogheny & Ohio Coal, and a fire was raging in the mine at 2 p. m. caused when an electric fan caught fire in an entry about noon today according to company officials. No explosion occurred and all efforts are being made to rescue the imprisoned men.

LIVES IN DANGER.

By Associated Press Leased Wire
Alliance, O., Oct. 29.—Word which reached Alliance shortly after noon today from Amsterdam, O., 40 miles south of this city, stated that 18 men were entombed in the Y. & O. coal mine there and in danger of being killed owing to a fire which was reported as raging in the mine. Only meagre details were obtainable.

RESCUE CAR STARTS.

By Associated Press Leased Wire
Columbus, O., Oct. 29.—The state mine rescue car left Columbus in a special train shortly after noon today for Amsterdam, O., where 18 miners are reported entombed in a mine that is on fire. The train has been given a clear right of way and should reach New Amsterdam about 5 o'clock this evening.

TWO FIRE CALLS AT EARLY HOUR TODAY

The fire department responded to two calls early this morning. The first alarm was received at about 5:15 from the home of Mrs. Grace Smith on Hennepin avenue where an overheated furnace had started the woodwork around a register burning. The blaze was extinguished with a pan of water, the damage being slight.

At 6:50, the department was again called to the Martin residence on East Eighth street, where the basement was filled with smoke. A furnace pipe had been left disconnected by men who were installing the plant yesterday. No damage was done.

EVEN MILWAUKEE IS "DRY" TODAY

By Associated Press Leased Wire
Milwaukee, Wis., Oct. 29.—For the first time in its history Milwaukee is "bone dry." All saloonkeepers quit selling alcoholic drinks at midnight last night. Right up to 12 o'clock saloons were doing the greatest business ever known to them. Many saloons will attempt to keep open by the sale of soft drinks.

ADVOCATES IRISH FREEDOM

By Associated Press Leased Wire
London, Oct. 29.—Sir Horace Plunkett in an address before the national Irish club today declared that the path of wisdom for the government was to make to the Irish people an offer of the fullest measure of self-government. He advocated giving to Ireland the status of a self-governing dominion with certain reservations covering the problem of national defense, leaving it to the Irish people to settle their internal difficulties themselves.

ANOTHER AMENDMENT TO PEACE TREATY IS REJECTED BY SENATE

Moses Amendment Meets Same Fate As Johnson's Proposal.

By Associated Press Leased Wire
Washington, Oct. 29.—The Moses amendment to the peace treaty, last of those proposed by the foreign relations committee, was rejected today by the senate. Like the Johnson amendment defeated last Monday, it dealt with voting power in the league of nations.

Substitute Killed.

In preparation for a vote on the Moses amendment, the senate voted down 31 to 49 a substitute proposed by Senator Shields, democrat, Tennessee, under which the British dominions would vote collectively and have one vote in the league.

END SEEMS NEAR.

By Associated Press Leased Wire
Washington, Oct. 29.—The end of the senate battle over the forty-six amendments written into the peace treaty by the foreign relations committee seemed in sight today, the leaders hoping that a vote on the last of the group could be taken today or tomorrow. The amendment was presented by Senator Moses, republican of New Hampshire, and would exclude all of the British dominions from voting in any league of nations controversy to which one of them was a party.

A subject not touched by the committee was injected into the fight today by Sen. Gore, democrat, of Oklahoma, who presented an amendment to article 12 proposing that under the league, no nation would go to war "until an advisory vote of the people shall have been taken," as an additional condition after arbitration has failed.

The debate around the treaty's provision for an international labor organization. Efforts to alter it are to be made by several senators.

Sen. La Follette, republican of Wisconsin, assailed the labor provision as undemocratic and perilous to American labor interests. Instead of giving labor "a new charter of rights" as President Wilson had contended, he said, it would "perpetuate the wrong and injustice in the present relation existing between labor and capital."

Samuel Gompers and other American delegates had protested against many provisions at Paris, he said, but had been "beaten on every important point."

By Associated Press Leased Wire
Washington, Oct. 29.—With a list of engagements that filled every hour of the day, King Albert, Queen Elizabeth and Crown Prince Leopold started early this morning upon the activities of the second day's visit of the Belgian royal family to Washington.

Well Known Sycamore Jurist Died Today

By Associated Press Leased Wire
Aurora, Ill., Oct. 29.—Judge Duane J. Carnes of the Illinois Appellate court, second district, died today at the Ottawa court house, aged 71 years. Judge Carnes was stricken several days ago and it was found impossible to remove him from his chambers. He was attended night and day by physicians and nurses. Judge Carnes' home was Sycamore. Before he was elevated to the bench he was looked upon as one of the foremost lawyers of Illinois. He was elected to the circuit court of the 16th district in 1907 and was chosen for the appellate bench in 1912.

Farmers Congress is Opposed to Radicals

By Associated Press Leased Wire
Hagerstown, Md., Oct. 29.—On record as strongly opposed to "certain radical elements" seeking to tear down the government delegates to the Farmers' National Congress in session here, considered today additional resolutions bearing on the industrial situation. DR. SICKELS HOME

Dr. E. A. Sickels returned home this morning from Minnesota and South Dakota, where he has been duck hunting. The Dixon physician reports excellent sport on the northern shooting grounds until the cold snap and sleet storm struck them, sending the birds south.

Mrs. Ida Jackson has gone to De Kalb for a couple of weeks' visit.

No Soft Coal Here Shipments En Route

Dixon awoke today to the coldest morning of the late fall and without a ton of soft coal in the yards of the local fuel dealers. Telephone calls were answered all morning by the dealers from persons who had not laid in their supply of fuel and who with the arrival of the heavy frost, found themselves to be in want.

The condition, however, is not thought to be really serious as most all of the dealers have coal on the road and many of them expect to receive shipments today. Most of the Dixon dealers have hard coal and coke on hand but late orders for soft coal have drained their reserve bins until other shipments are received.

DEATH LIST IN LAKE TRAGEDY STILL GROWING

By Associated Press Leased Wire
Muskegon, Mich., Oct. 29.—Twenty-two persons were officially unaccounted for early today and fourteen were known to have lost their lives in the sinking yesterday of the Crosby Line lake steamer Muskegon which was driven into the pier by the gale she had battled across Lake Michigan from Milwaukee. The purser was unable to give the names of those unaccounted for but thought they included four of the crew and three passengers.

WHISKEY MEN IN NEW STEP TODAY TO PRY LID OFF

By Associated Press Leased Wire
Chicago, Oct. 29.—A movement to combat enforcement of the war time prohibition act developed here today. Levy Mayer, attorney for distillery interests went to Washington to begin action in the United States Supreme Court. Mr. Mayer said he believed war time prohibition is over and also such laws as the Illinois search and seizure are become inoperative. He said he based his opinion on the federal court decision at Louisville two days ago and on President Wilson's veto of war time prohibition, which Mr. Mayer called "a final pronouncement by the president that demobilization has been completed."

The Louisville decision held that the war time prohibition act violated the fifth amendment to the constitution. The government appealed direct to the Supreme Court and Mr. Mayer said he went to Washington on this appeal case.

FEDERAL AGENTS TO SEAL LIQUOR LID AIR TIGHT

Bill Passed Over Wilson's Veto to Be Rigidly Enforced.

By Associated Press Leased Wire
Washington, Oct. 29.—Armed with the drastic provisions of the prohibition enforcement act, which became effective as to war time prohibition with passage by the senate of the measure over the president's veto late yesterday, agents of the bureau of internal revenue today took up the task of making absolute the ban on the manufacture and sale of liquor.

The few remaining saloons in the United States were legally open today for the sale only of beverages containing less than one-half of one per cent alcohol. Sale as well as manufacture of beverages of more than that amount alcohol content laid the saloon keeper as well as the brewer or distiller liable to heavy penalties. But despite its drastic provisions, the law could not touch the man who had stored up a supply in his own home for his own use.

In announcing his plans for enforcement of the war time act, Internal Revenue Commissioner Roper called on agents and individuals and on state and municipal officials for assistance. Open violation of the law, Commissioner Roper asserted, would bring certain retribution to the American form of government.

COAL FAMINE IN PARIS SERIOUS

By Associated Press Leased Wire
Paris, Tuesday, Oct. 29.—Governmental and municipal authorities and coal merchants virtually admit the impossibility of finding a remedy for the situation which has arisen here because of the coal shortage. Although cold weather has not yet begun, Paris is already feeling the pinch and there is some suffering in the poorer quarters of the city.

At a secret session held yesterday under the presidency of M. Evain, the municipal council discussed the situation and reached the conclusion that within a few weeks coal will not be available, not only for private houses, but also for public utility service. Restrictions on gas and electric service as well as travel over the Metropolitan Railway will be ordered.

MEXICAN'S HEARING TO BE UP SATURDAY

Joe Favola, the Mexican who is charged with assault with a deadly weapon on Molitor Ortiz, a fellow countryman, at Nelson Monday night, was arraigned in Justice Gehant's court late yesterday afternoon. His attorney, Martin J. Cannon, pleaded for delay in the preliminary hearing and accordingly the case was continued until Saturday morning at 9 o'clock.

COAL STRIKE ORDER STANDS, SAY UNION CHIEFS AT MEETING

Garfield Called to White House—Big Meet on in Indianapolis.

BULLETIN.

By Associated Press Leased Wire
Indianapolis, Ind., Oct. 29.—The strike order of the United Mine Workers effective Friday midnight stands, after two hours discussion, the conference here today of officials of the big union, had no idea of modifying the call for a cessation of work. President Wilson's pronouncement on the threatened industrial war had no defender in the conference, it was stated.

The grounds on which this decision was reached will be explained in a statement to the public which probably will be issued late today. A committee to draw up this statement was appointed and given three hours in which to prepare it, the conference adjourning until 4 p. m.

BULLETIN.

Washington, Oct. 29.—

The government is prepared to take drastic steps to deal with conditions arising in the coal fields if the executive board of the United Mine Workers of America permit the strike order to stand. This became known today after Federal Fuel Administrator Garfield had been summoned from Massachusetts to discuss the situation with Secretary Tumulty.

By Associated Press Leased Wire

Washington, Oct. 29.—Federal Fuel Administrator Harry A. Garfield discussed the threatened strike of bituminous coal miners today with Secretary Tumulty at the White House. He was summoned here from Williams College, of which he is president.

Dr. Garfield, who still has authority to function as fuel administrator, said he was in close touch with the strike situation and expressed confidence that a settlement would be reached without a walkout of the miners.

The fuel administrator would not discuss his conference with Mr. Tumulty but his visit to the White House revived suggestions that the fuel administration might again be called into existence to exercise the war time control over fuel provided for in the Lever food control act.

While actively serving as administrator, Dr. Garfield was instrumental in bringing about the so-called Washington Wage Agreement, which expires April 1, 1920, or at the end of the war, and which it has been contended, would be violated if the miners walk out.

VITAL SESSION TODAY.

By Associated Press Leased Wire
Indianapolis, Ind., Oct. 29.—Executives of the United Mine Workers of America met here today to take final action on President Wilson's appeal that the nation-wide strike of bituminous coal miners ordered for Nov. 1, be called off.

With but sixty hours left before the time for stoppage of production of the nation's fuel supply, the meeting assumes the character of the most weighty one which has yet been held in connection with the miners' demands for a six hour day, a five day week and sixty per cent increase in wages. Out of it will come the final word of the miners on the situation.

Many Officials There.

Representatives of coal miners in all parts of the country were here today, for while it originally was planned to hold only a meeting of the executive board of the organization at this time, in view of the demands of President Wilson last Saturday that the strike order be rescinded, Acting President John L. Lewis broadened the scope of the conference. As a consequence 25 district presidents of the mine workers, the full scale committee composed of 22 members, and the board of executives comprising a representative from each of the 29 districts, are in attendance. All of those present, it was stated, will have a vote.

The delegates entered the conference this morning sober faced and with a full realization of the seriousness of

Monthly Report of the Palmyra Co-Operative Cow-Testing Association

By E. G. THIERM, Tester

Few dairymen appreciate the value and uses of carefully kept records on their herds, that is, records of breeding dates, freshening dates, records of milk and butterfat production. This subject has received so much attention by the dairy papers, experiment station bulletins, farmers' bulletins, and printed matter pertaining to the subject of every description that it seems trite to call attention to the matter again. But from my observations in the Palmyra association I know that a great many dairymen neglect to use even a simple memorandum book in which they might enter the dates when cows are bred and when they freshen. And on the other hand some dairymen who do attempt recording this valuable information, either fail to make the data complete or else neglect to use the knowledge when they have it.

Now let me illustrate some of the results of such laxity. One member of the Palmyra Association who has a high grade herd of Holstein cattle started a record book such as that mentioned above. After the newness of the situation had worn off, the book was for a time forgotten and when his attention was brought back to the subject guessing was resorted to, and in the end the result was a mass of jumbled up names, figures, and dates. When the time came for several of the cows to freshen, instead of being given the customary six weeks of rest, three of the best cows in the herd were milked up until the day they calved. You know the cause and the outcome. It happens every year in a majority of dairy herds.

These three cows had produced heavily. They had given ungrudgingly of their flesh and blood in order to put more milk in the pail to the very end. Certainly, a short period of rest during which they might regain their lost flesh was due them. But this is the truth

of the matter. These three persistent producers entered their new lactation period run down in flesh, weakened in constitution, impaired in health, and in no fit condition to start the grind of producing a heavy flow of milk for a period of ten months. This is only a small matter and one of the details of successful dairying. But, nevertheless, it deserves more attention than is commonly given it. See that your cows freshen in the pink of condition after a rest period of six or eight weeks. Failure to comply with this simple rule invariably results in an overworked animal, a heavy loss in production, and a consequent decrease in the profits conservatively estimated at fifty dollars per herd, which few dairymen stop to realize.

A knowledge of freshening dates is likewise necessary in order to judge whether or not a cow is producing as she should produce, three, six, or nine months after calving. Take advantage of every opportunity to know more about each animal in your herd. The record book offers you this opportunity in no small way. Use it for all that it is worth. Surprising as it may be, laxity in maintaining a record book is not confined only to the grade or scrub herd. I have known purebred herds where absolutely no records were kept. This in spite of the fact that accurate breeding and calving dates are absolutely necessary for the proper and legal registration of young purebred animals. You have read the slogan, "Don't guess—Know." Use it.

A general outline of the records that were made by the higher producing individual cows and herds in the association follows:

The show cow, Lyndon Pledge Acme, which Mr. Detweiler successfully exhibited at the State Fair 1919 as Champion aged cow made the highest individual record.

HOW A SICK DOCTOR

REGAINED HIS HEALTH

Young doctor 27 years old was told by several eminent physicians that he could not live, but discovered a remarkable formula that restored his health.

In 1898 Dr. A. L. Reusing of Akron, Ohio, had just completed his course at medical college. He had paid his way through medical college by working nights as a telegrapher. Overwork and overstudy had undermined his health, and he consulted many specialists, but they all pronounced him incurable and said that he could live only a few months.

But Dr. Reusing determined that if he must die, he would find the cause, since none of the physicians could diagnose his disease positively.

Knowing that without oxygen the body dies, he began a thorough investigation of the effect of oxygen on the blood. He studied Prof. Virchow's famous "Cell Theory" which proves that the body is only a collection of cells and that there are twelve cell-salts that nourish and maintain the cells of the body. Just as a flower droops and dies for lack of water, so the cells wither and die for lack of their natural cell-salts.

He knew that the red blood cells carry the iron in the blood and that iron attracts oxygen just as a magnet attracts steel. He learned that by increasing the amount of iron in the blood the iron attracted the oxygen from the air in the lungs into the blood exactly as the magnet attracts steel. He found that oxygen oxidizes or burns up the impurities, germs, and torn-down cells that are found in the blood.

Through careful research he learned the cell-salts that nature requires to feed the cells and maintain health. This led to the discovery that the health of the body is governed entirely by the health of the blood and that if the blood is rich in oxygen, plasma and iron, and supplied with the natural cell-salts that nourish and maintain the health, vigor and vitality of the cells, the whole body glows with health, strength and energy.

Relentlessly Dr. Reusing made his scientific researches and investigations until his efforts were crowned with success. He discovered a formula which combines the natural cell-salts that feed and nourish the cell of the tissues, nerves, fluids, brain and bones of the body and rapidly increases the supply of oxygen, iron and plasma of the red blood cells which revitalize and rebuild the entire body.

This formula—discovered in a desperate effort to preserve his own life—proved so successful that he gradually restored his health and soon became strong and vigorous. Dr. Reusing is now 47 years old and his ruddy cheeks, bright eyes and vigorous health are irrefutable evidences of the strength-renewing, blood-purifying, health-building properties of his formula.

For nearly 20 years Dr. Reusing has prescribed this formula for thousands of patients in his private practice with wonderful success. The medical profession has recognized its therapeutic value for the treatment of diseases.

So many people have been benefited and restored to health by Dr. Reusing's formula and he is so thoroughly convinced of its therapeutic action by thousands of case records in his own practice, that he has decided to supply this formula, which he has named "REOLO," to the public through registered druggists, who are licensed distributors of the Dr. A. L. Reusing Laboratories, Akron, Ohio.

Each package of "REOLO" contains 100 tasteless tablets, enough for two weeks treatment. It is not expensive. It only costs \$1.00 a package and is positively guaranteed to give beneficial results or your money will be returned.

REOLO is sold in Dixon by Sterling & Sterling, who are the licensed distributors.

ENTERTAINED STATE OFFICER—

With the worthy Grand Matron of the state, Mrs. Vivian Scott, of Chicago, as its guest of honor, Garnet Chapter, O. E. S., of Franklin Grove, held an especially important and largely attended meeting last evening when it conferred degrees upon five candidates, four of whom were soldiers and one a soldier's wife. Guests were present from neighboring towns and included officers and members of Arbutus Chapter, Ambey, Dorothy Chapter, Dixon; Salome Chapter, Rochelle; and some from Ashton, Wilmette, Ill., and Antigo, Wis.

Those upon whom degrees were conferred were Mrs. Russell Burley, Russell Burley, Charles Baker, Charles Schmucker, and George Spangler.

The hall was beautifully decorated with flags and other seasonal decorations and much credit is due the committee on decorations, Miss Lona Look-Ingland, Mrs. Alida Pyle, and Miss Lott for its attractive appearance.

During the evening the worthy grand matron, Mrs. Scott, was presented with a bouquet of chrysanthemums by the Associate Matron of Garnet Chapter, Mrs. Edna Trottnow, and with a handsome set of bed linen bearing hand-made tatting, by Mrs. Grace Stultz, Marshall. Mrs. Winnetta Moore is worthy Matron of Garnet chapter and A. Stewart, Worthy Patron.

Among the many enjoyable program features of the evening was the singing of "I Love You Truly," by Miss Katherine Aschenbrenner as the Worthy Grand Matron was escorted to the East and the duet, "Star of the East," sung by the Misses Elsie Lott and Catherine Stultz after the conferring of the degrees. Other musical numbers which were greatly enjoyed were given after the serving of refreshments and included a piano solo by Mrs. Grubbs and solos by Mrs. Burley and Miss Aschenbrenner.

The guests included: From Arbutus chapter, Ambey, Mrs. Ella Leake, Worthy Matron; LeRoy Brink, Worthy Patron; Mrs. Frost, Associate Matron; Mrs. Honeycutt, and Mrs. Vaughn. OHIO WEDDING—

A very pretty wedding was solemnized at high noon Saturday, Oct. 25th, at the home of Mr. and Mrs. H. A. Jackson, of Ohio, when their oldest daughter, Mildred Louise, became the bride of Clarence L. Keeton, of Mendota. The ceremony was performed by Rev. Robert E. Cairns, pastor of the M. P. church, of Ohio, in the presence of about thirty relatives.

The bride wore a gown of blue silk poplin trimmed in Georgette crepe and satin and carried white carnations. The bridesmaid, Miss Margaret Conner, wore a tailored gown of blue serge and carried pink carnations. The groom was attended by Arden Jackson, cousin of the bride.

Immediately after the ceremony a three-course dinner was served, the table decorations being in pink and white.

The bride was born and grew to young womanhood in Ohio and graduated from the Ohio High school with the class of '17 and was also a graduate of the Cedar Rapids business college. She was employed as bookkeeper in the Johnson furniture store for several months, from which position she resigned about three weeks ago. The groom served in the regular army as master mechanic for two years, being honorably discharged last spring.

The young people received many useful and beautiful wedding gifts. Mr. and Mrs. Keeton, accompanied by the bridesmaid and groomsmen, motored to Mendota Saturday afternoon where they have a home already prepared and will be at home to their friends after November 15th.

On Wednesday evening a party of girl friends of the bride-elect gave a

miscellaneous shower in her honor and on Thursday evening, the members of the C. E. society of which she was a faithful member presented her with a beautiful casserole.

HALLOWEEN MASQUERADE—

The Misses Catherine and Elvora Fuostman very delightfully entertained Monday evening with a Halloween masquerade party. The guests, numbering twenty-five were greeted by a young man in khaki. A great deal of merriment was caused in covering the identity of the guests. Prizes for the best costumes were awarded to Misses Dorothy Gonneman and Margaret McCoy.

The rooms were attractively decorated in the Halloween colors and the dining room was especially attractive. Halloween garlands were festooned from the lights to the corner of the table. A bank of autumn leaves surmounted by Jack-o'-lantern formed the centerpiece. The place cards, nut cups, and favors were in keeping with the season.

A sumptuous three-course luncheon was served by the hostesses. Later a large basket of beautifully dressed dolls was presented to Miss Alice McCoy, guest of honor, which upon investigation proved to be a shower of fruit and preserves.

D. A. R. CONSIDERS DIXON—

The D. A. R. society will meet in G. A. R. hall on Saturday, Nov. 1, at 2:30 p. m. Matters in civic life and institutions will be considered. Elmer Rice will give a solo and Miss Elizabeth Raymond will give two piano numbers. A cordial invitation to all the women of the city is extended.

The D. A. R. correspondent submits the following expression: "There is a growing conviction on the part of some loyal citizens that Dixon is not aggressive in anticipating the needs of our growing population as rapidly as other towns of its size. Dixon is behind the times in several respects. Cannot we take advanced ground and that right speedily?"

TRAVELERS FROM THE EAST—

Without any difficulty one could imagine himself dancing in a forest, so thickly were the boughs of autumn leaves arranged in decorating Rosbrook hall for the Halloween dancing party given by the Travelers of the East Monday evening, and when the breeze, which arose during the evening, came through the windows, rustling the leaves, the effect was all the more real. Halloween banners were also used in the decorating and the color of the leaves and banners beautifully harmonized. One hundred fifty couples were in attendance, many of them from out of town. Prapple was accessible throughout the evening.

FOR LAD'S BIRTHDAY—

Mrs. B. S. Schildberg entertained on Monday afternoon from three to five with a birthday luncheon honoring the sixth birthday of her small son, Homer. The guests were twelve of his little neighbors and a merry time, indeed, they had playing games before called in for the luncheon. Wide-eyed owls and all sorts of funny faces peered at the guests from the table, which was lighted with jack-o'-lanterns. The birth-

day cake with its six candles had a place of prominence. Ice cream, cake, wafers and fruit were served.

HELP NEEDED IN POLAND—

In response to the call from the National Lutheran Council of America, which sent a committee to Poland to investigate the condition of the two millions of Lutheran people in that country, and found dire want, the Lutheran churches of Dixon and South Dixon, including St. Paul's and St. James and Zion churches, have gathered up large quantities of clothing and these have been shipped.

The condition of the people in Poland was reported as most desperate by the receiving committee, the lack of clothing and of food threatened death from exposure and starvation of a vast number of people before the rigorous winter of that country should draw to an end. Because of this report, the Lutheran churches in America are making an effort to gather 2,000 tons of clothing and a million and a half dollars to rescue the needy Polish people.

From St. Paul's church over 800 pounds and from the combined efforts of the St. James and Zion churches 600 pounds of clothing, including men's warm overcoats, women's wraps, etc., which can be put on and worn at once without change have been shipped within the past week or two. Some money has also been sent and more will be gathered later. Each member is supposed to give seventy-five cents in order that the fund may reach the desired amount.

SANDRA THE JEALOUS

By JANE PHELPS.

ROSE WRITES THAT SHE IS UN- HAPPY

CHAPTER CXI

I returned to the nursery.

"Mr. Graham insists that I apologize to you, Miss Lane. I do so to please him, not because I feel I am in the wrong."

"Most second wives think they should rule," she returned calmly, her face without change of expression. I understood; she was getting even with me for my 'old maid'."

I paid no attention but left the room boiling with anger.

"I'll get rid of her some way, she'll see if I don't!" I said to myself as I winked back the hot tears. I wouldn't cry; if I did she might think I was crying, because of what she had said. I'd not give her that satisfaction.

Just then Betty brought in the mail. I was delighted when I saw Rose's bold chirography. At least I could forget that odious Miss Lane for a time. I had given up all idea of a walk.

"Dear Sandra!" she commenced, "I am so miserable I must talk to someone and there is no one here that I know well enough, and I also don't want to make mother unhappy by telling her. But I feel sometimes as if I should go mad! Walter goes out night after night. When I ask him where he has been, he refuses to answer or else he lies. He isn't honorable, Sandra. Your husband was right. No woman ever could be happy as his wife. As a sweetheart, yes. Then he was all courtesy, all thought for my comfort, all seeming love toward me. Now he is so different."

"Do you think I have lost all pride to write you in this way, Sandra? I haven't! I would cut my arm off before I'd let the home folks know, and for good!"

Dear Sandra! I don't tell Mr. Graham. He is an honorable man, good and kind if he is so much other than you. Do you remember how I used to say you would be unhappy to be number two to a married 'grandpa'? And you are so comfortably happy now or seemed to be when I was there. No one knows how much in love I was with Walter—or thought I was, which amounted to the same thing in my case. But I cannot feel that he is true to me. I try to get rid of that thought, but it is impossible for me to believe otherwise. He escorts women I do not know to restaurants and theaters. There may be nothing wrong in all this, but I cannot endure it much longer.

"We have moved from the hotel into our own home. I thought he might feel more responsibility as regarded me. It gives him more license. If only I had listened to Mr. Graham. He was older, wiser than I. But you think we know it all, then pay the Piper."

"This an awfully blue letter to send off. Tear it up, Sandra, as soon as you have read it. I wanted you to know how unhappy I was so whatever happened you would understand. For after all we have been closer than other girls."

"I am going off in my looks, Sandra, horribly! Walter tells me so every day. I have cried so much—passed so many sleepless nights, that it is no wonder, I

look ten years older than you do, and I used to look younger, and everyone said I was prettier. No one would dare accuse me of being pretty now. I no longer seem to have any interest in how I look, what I wear. Isn't it strange how a man can change a girl? If I thought Walter loved me nothing would be too much trouble to do to please him. But now that I am convinced he does not, nothing seems to count.

"Write me soon, Sandra. But say nothing of what I have said. Walter might get hold of your letter—he seems to be jealous, altho he cares nothing for me. Remember me to your old hand, and kiss that wonderful baby for me."

"Lovely, Rose."

"Dear Rose!" I said aloud, then a wave of crimson swept over my face as I thought that had it not been for Everett, I would have received Walter Kemp's letter to which meant less than nothing to him—a philanderer.

"I had a letter from Rose today," I said to Everett, when he came in. "She is rather blue. She asked to be remembered to you. I think she is lonely, off there, away from everyone she knows." I added, fearing I had not quite kept faith with Rose because I had said she was "blue."

"I am sorry for the child. Kemp is absolutely without honor as far as women are concerned. She wouldn't be warned, so now will have to make the best of things. Did you apologize to Miss Lane?"

"Be very careful not to offend her again. I desire very keenly to keep her for Junior."

Tomorrow—Sandra is Once Again Disturbed by gossip.

On payment of a small deposit Chase & Miller will make any portraits you wish, and keep them until you want to send them out at Christmas time. If taken this week there will be one free picture free, with every dozen. 24919

VOTE NEXT TUESDAY

It is important that the voters of Lee
County turn out and register their opin-
ions at the polls next Tuesday, Novem-
ber 4. Besides the election of delegates
to the constitutional convention, there
are three important questions of public
policy to be voted upon. Women may
not vote for the delegates, but they are
expected to vote on the three special
propositions, the Initiative and Referen-
dum, the Gateway and Public Owner-
ship. Male voters will vote on the de-
legates and the special propositions as
well.

The special propositions are to act
simply as recommendations to the con-
stitutional convention when it meets.

There are two delegates to the con-
vention to be elected from this senator-
ial district, and Dixon is the home of
five of the six candidates in the field, E.
H. Brewster of Dixon and Alvin War-
ren of DeKalb county are the two can-
didates on the republican ticket. The
Telegraph recommends the election of
these two men, who are high class citi-
zens and will safeguard the public in-
terests in the framing of the proposed
new constitution.

The democratic party in this district
has nominated Attorney Henry S. Dixon
and Attorney John P. Devine, lead-
ers in their party and men of high
standing. The socialist party nominat-
ed two well known Dixon men, leaders
in their party, Attorneys C. C. Brooks
and Hiram Brooks.

At the same election a successor to
the late James S. Baume, Judge of the
Circuit Court, will be elected. Attorney
Ralph E. Eaton is the candidate of the
republican ticket and the socialist ticket
bears the name of Herman Heinen. The
election of Mr. Eaton is recommended.
He was nominated at a convention of
the republican party in this district at
Freeport in September.

The Initiative and Referendum is be-
lieved by many in this state to be a dan-
gerous law and the Anti-Saloon League
of Illinois has sent out a strong con-
demnation and advises all dries to vote
against the I. and R., declaring that
the wets advocate it and advocate the
election of men who are pledged to sup-
port it if it is adopted by the voters.
The letter cites extracts from various
organs of the wet interests boosting the
adoption of the I. and R.

One feature of the election should not
be overlooked, and that is that the spe-

PEACE ON ARMISTICE DAY?

their undertaking. Not a man among
them but was aware that the national
and state governments were lined solid-
ly against them and that the govern-
ments are backed by widespread public
opinion that the miners are in the
wrong. On every hand they have been
met with expressions of the grave con-
sequences attaching to the threatened
strike on the verge of winter.

Most Effective Strike.

Discontinuance of the production of
coal would more effectually tie up the
industries of the country than would a
strike of any other body of workers,
and in addition such action would
cause untold suffering among millions
of the country's inhabitants. Despite
the frantic efforts of the railroads to
furnish extra cars to the mines for
transportation of what fuel is on hand
at the source, it will be impossible to
provide an adequate supply for even a
short period.

Right up to the hour of the confer-
ence this morning, miners' officials re-
iterated that they were willing to ne-
gotiate with the operators, but said that
the latter had showed no inclination to
discuss the demands.

40,000 READY TO QUIT.

By Associated Press Leased Wire
Charleston, W. V., Oct. 29.—Forty
thousand union miners, employed in
466 mines in West Virginia, will quit
work next Saturday if the general
strike order is enforced. Their idleness
will cut the coal production of the state
3,400,000 tons a month.

These figures, given out by coal min-
ing interests, are disputed by union
leaders who claim 54,000 members of
their organization in the state.

Of the organized fields, all are operat-
ing under the government agreement,
which federal authorities hold, is to re-
main in operation until March 1920, or
the termination of the war, with the
exception of the New River field. Here
a new contract was made last month,
by which operation is to continue with-
out modification for two years.

RESULT IN OHIO.

By Associated Press Leased Wire
Columbus, O., Oct. 29.—If the strike
of soft coal miners becomes effective
Saturday, it will affect more than 40,-
000 miners in Ohio, will close down
more than 1,200 mines in 31 Ohio
counties, and will stop an average daily
production of nearly 250,000 tons of
coal, according to officials of the United
Mine Workers of Ohio.

CONFISCATE COAL.

By Associated Press Leased Wire
Denver, Oct. 29.—The United States
railroad administration has issued or-
ders to all of the railroad companies
in this state to confiscate all lignite coal
in transit and to be mined in northern
coal fields of Colorado the rest of this
week for emergency use of the rail-
roads.

The order does not affect companies
operating in fields in the southern and
western part of the state as bituminous
and anthracite coal is mined in that re-
gion.

David W. Brown, president and gen-
eral manager of the Rocky Mountain
Fuel Co., of Denver, said confiscation
of the lignite coal by the railroads was
not out of the ordinary; that the rail-
roads took the coal every year when
they needed a supply to run trains.

Luxemburg Ruler to

By Associated Press Leased Wire
Luxembourg, Tuesday, Oct. 28.—
Grand Duchess Charlotte of Luxem-
bourg and Princess Felix of Bourbon-
Parma will be married here on Novem-
ber 6 by Bishop Mictra, Papal Nuncio.
Prince Felix was born at Schwarzwau,
Sept. 28, 1893. Unlike his brothers Six-
tus and Xavier, who served in the Bel-
gian army, he entered the Austrian ser-
vice, although he declared at the begin-
ning of hostilities he would refuse to
fight against the French.

Owing to Prince Felix's war service,
there was some hostility to his marriage
to Grand Duchess Charlotte, but the lat-
ter declared it was a love match, and
that she would wed no other. The peo-
ple of Luxembourg subsequently acquiesced
in this view.

U. S. CAPITAL AND
LABOR TO BE IN ON
INTERNATIONAL MEETLabor Delegates From All
Over World Attend
Conference.

By Associated Press Leased Wire

Washington, Oct. 29.—Representa-
tives of labor and capital in the United
States will participate immediately in
the International labor conference
which began its sessions here today,
and Secretary Wilson of the labor de-
partment who called the conference to
order will be named president.

The invitation for the United States
to be unofficially represented in the
conference was extended by the dele-
gates from 36 countries on motion of
the Italian delegation. Secretary Wil-
son later announced he had requested
the American Federation of Labor to
appoint the labor delegates and the
chamber of commerce of the United
States to choose representatives of the
employers.

Mr. Wilson was agreed upon by the
delegates for president of the confer-
ence. The secretary explained that as
the conference still is "being organiz-
ed" he was authorized to preside as the
representative of the United States
which is charged under the terms of
the treaty of Versailles with the orga-
nization of the conference.

The United States cannot be offi-
cially represented in the conference be-
cause the peace treaty has not yet been
ratified and because of congressional
prohibition. Mr. Wilson, however, told
the delegates that while the league of
nations had not technically come into
existence, it was an "assured fact" and
that consequently it was the duty of
the United States to organize the con-
ference.

SEC. WILSON SPEAKS.

By Associated Press Leased Wire
Washington, Oct. 29.—Speaking "on
behalf of the people of the United
States and in the name of President
Wilson," Secretary of Labor Wilson
formally opened today the International
Labor Conference provided for in the
treaty of Versailles.

Welcoming delegates from all parts
of the world, the secretary declared
that the conference represented the
first concerted effort in history to deal
with labor problems progressively.

Representatives of thirty-six coun-
tries, seated in alphabetical order in a
large circle in the same hall of the
Pan-American building where the na-
tional industrial conference came to
grief, heard the secretary's address,
which was translated into French when
he had finished.

Ambassadors and ministers of many
nations occupied places of honor on
either side of the chairman's platform.
While the United States was not rep-
resented in the list of delegates, by reas-
on of congressional prohibition, a num-
ber of officials were present as guests
of the league of nations. Samuel Gom-
pers, president of the American Federa-
tion of Labor, and a member of the
conference organizing committee, also
was present.

Germany and Austria also were with-
out delegates, but their representatives
are now en route and the question of
seating them will be for the conference
to decide.

Countries having delegates present
today included Great Britain, France,
Japan, Italy, Belgium, Holland, Swe-
den, Canada, China, Czechoslovakia,
Switzerland, Denmark, Greece, Norway
and practically all of the Central and
South American republics.

WOMEN PLAN TO MAKE OF FASHION CLOTHES CHICAGO THE CENTER

Women's Association of Commerce Opens Big Fashion Show.

By Associated Press Leased Wire
Chicago, Oct. 29.—An art fashion movement intended to make Chicago the creative center of designs in women's clothing was inaugurated here today when the opening of a big fashion show under the auspices of the Women's Association of Commerce.

Milady of fine tastes, who in the past has turned her face toward Paris and New York for design and fashion, can in the future stick up her nose at the ruling "Madams" of the eastern fashion world, according to Mrs. Sophia E. DeLavan, president of the Woman's Association of Commerce.

"The exhibit has brought together all classes of designers and has permitted immediate connection between designers and purchasers," she said. "Chicago is destined to become the fashion dictator for American women, and the creative genius here now is such that women are no longer looking to the eastern world for smart frocks and elaborate evening gowns."

A display depicting artistic creation in women's clothes and showing the evolution of women's styles since the fourteenth century forms a part of the exhibit which is being attended by leading designers from all parts of America.

A flash of silken ankle, a fur turban and an Ermine choker can easily be thrown out of tune by an awkward afternoon frock. And women of the middle west and west realize this and are even more alert to the art of blending combinations of color and fabric than those of the east, despite criticisms to the contrary, directors of the show declared.

Newest frocks and suits are displayed by living models, including a number of stage favorites. These forecast that garments of the coming season will be neither tight nor full. Length of skirt will rest largely with the individual. The demand at present leans to short skirts, the designers declared today. "The shorter the better," is the way one designer summarized the sentiment.

The deep "V" of the evening gown is going to be a capital "V" during the Chicago Grand opera season, judging from the latest creations worn by models today. Designers declared that the "V" will not be as deep, however, as in the extreme Parisian gowns. Since the end of hostilities, the evening gown in Paris has become more and more extreme, and now even the Paris showgirls are having their frocks made with "open face" backs, the designers said.

The exhibit displays Chicago creative ability in all garments—from the flimsy silky lingerie to the Russian sable throw. One entire section was devoted to displays by models of diaphanous "lounge" creations—including snowy, cozy night gowns, camisoles, envelope chemises and other lingerie of artistic design.

RIOTING IN EGYPT. By Associated Press Leased Wire

Alexandria, Egypt, Saturday, Oct. 25.—Two rioters were killed and ten others injured and twenty-seven policemen were hurt in a serious nationalist demonstration yesterday. Sticks, stones, bottles and police batons were first used.

The arrival of the governor of Alexandria restored order for a time. The two motor torries with troops appeared on the scene and eventually shots were fired at the crowd.

WOMEN MAY VOTE ON THREE BIG QUESTIONS

While women of Lee county and the entire Senatorial district will not be permitted to vote for candidates at the constitutional convention election, Nov. 4, they will exercise their right of suffrage on three special propositions. Fred G. Dimick, county clerk, has sent out specimen proposition ballots for women to the several precincts of the county, these to be distributed at the polling places. A matter of voting "yes" or "no" is involved in all three questions. The first question regards the initiative and referendum, the second the "gateway amendment," and the third, "public ownership."

COMPANY F, ATTENTION.

All members of Company F are requested to be at the armory promptly at 7:30 o'clock tomorrow evening that the issuing of the new uniforms may be completed.

PEOPLE'S COLUMN

ON I. AND R.

Editor of the Telegraph: In your issue of Oct. 27th appears an article which would leave the impression with the average reader that the proposed Initiative and Referendum amendment to be voted on Nov. 4th endangers the "dry condition" of Illinois.

This sounds like the propaganda generally used by professional politicians who have so skillfully managed to thwart the will of the people and get themselves elected to office.

Any sane person knows there are no saloons in Illinois at present time (this question having been settled by congress) and if there are any wet spots the executive department of the state government is to blame. The article referred to also conveys the idea that securing the 100,000 signatures to initiate a proposed law and 50,000 signatures to refer any law, passed by the legislature, would put the law in operation. It fails to explain that the petitions bearing the 100,000 and 50,000 respectively are only the form that would be required under the proposed I. & R. to put any question to a vote of people in the state, then the majority of votes cast at the next election on the I. & R. question would determine the result.

It so happens that I have lived in a state that had the I. & R. in effect and know by experience that if the numbers of signatures required on petitions are any more proportionately than the above mentioned figures, the effectiveness of the I. & R. would be destroyed.

Of the many states that now have the I. & R. in force (including South Dakota) there are only three or four in which the people can make use of it because in the rest of states the petitions required are too large. One of the best arguments which can be produced in

PIMPY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

favor of the I. & R. is that no state having this provision has yet discarded it.

Voters who do not believe in professional politicians to act as guardians will vote "Yes" on both the I. & R. and Gateway amendments which will assist materially in placing the government in the hands of the people where it rightfully belongs.

Respectfully yours,
 J. W. BISSELL.

Say Packers Hold Hotel Interests

By Associated Press Leased Wire

Chicago, Oct. 29.—The interstate commerce commission hearing into charges brought by the National Wholesale Grocers' Association that 317 railroads extend extraordinary facilities to the big packing companies in shipping grocery products today had developed an alleged new phase of the packers' activities—an extension of interests to stock holding in hotel properties. Introduction of oral testimony and correspondence of Swift & Co., indicating that members of the "big five" packers, principally Armour & Co., had acquired an interest in at least six New York hotels and another large hotel company with the purpose of obtaining the business of provisioning those establishments came as a surprise yesterday.

AMUSEMENTS

BRILLIANT FARCE COMEDY

AT OPERA HOUSE FRIDAY NIGHT

Those who believe that suggestiveness and salacity are not essential to a successful modern farce will be delighted with "I Love You." G. M. Anderson's production of William Le Baron's smart farce comedy, which comes to the opera house Friday night. Few native farce writers have Mr. Le Baron's gift for high comedy dialogue and ingenious interweaving of amusing incidents. Few of them are so adept in comic character drawing. In this last connection it may be mentioned that two of the characters in "I Love You" were unanimously acclaimed as the most interesting farce types of last season. A deft satirical touch pervades "I Love You." So marked was this that most of the reviewers noted that many of the high comedy portions of the play were worthy of the pen of no less a satirical playwright than George Bernard Shaw. This is praise indeed.

A splendid cast comes to Dixon with "I Love You," one that has been chosen because of their collective ability to portray the lights and shades of the subtleties of Mr. Le Baron's comic creation.

COMPTON.

Among those from here who were present at the christening of the infant child of Mr. and Mrs. William Florschutz on Sunday afternoon at their home south of town were Mr. and Mrs. L. W. Kutter and family and Mrs. Florschutz and daughter, Esther. The baby was christened Mildred Katherine with Rev. Mr. Biederman, of the Lutheran church, officiating.

Rev. Mr. Bruct and family are now nicely settled in the Methodist parsonage and will minister to the people of Compton and West Brooklyn for the coming year. Prayer meeting Thursday evenings and services next Sunday morning and evening in the Methodist church.

Mrs. Nettie Cook is home from Mendota where she has been spending a few days with friends.

Twenty young people gave Miss Fieda Kutter a surprise party last Friday evening at her home. A merry time with games and vocal instrumental music was enjoyed until a late hour. Delicious refreshments were furnished by the company with the exception of cream puffs and cocoa which were served by Mrs. Kutter and sister, Mrs. Kupp. Those present were the Misses Marjorie Eckert, Edna Grosch, Irma and Minnie Kutter, Messrs. Ralph W. Ellingen, Harry Sours, Chester M.

Wonderful relief is felt almost instantly by the inflamed lungs, throat and nasal passages.

MEN-THO-EZE is the name of this new-old remedy—a positive relief for the simple ailments and a first-aid for the more serious ones. It relieves the most stubborn cold, usually with one application. Fever subsides, the phlegm is loosened and restful, healing sleep follows.

CORN AND HOGS STRONGER TODAY

By Associated Press Leased Wire

Chicago, Oct. 25.—Higher quotations on corn today accompanied a new upturn in hog values. The fact that receipts of corn were meager tended also to strengthen values. Commission houses did most of the buying. Opening prices, which varied from the same as yesterday's finish to 1/4c higher, with December 1.26 and May 1.23 1/4, were followed by a slight downward in some cases. Commission houses did most of the buying. Opening prices, which varied from the same as yesterday's finish to 1/4c higher, with December 1.26 and May 1.23 1/4, were followed by a slight downward in some cases.

Oats were dull but hardened with corn. After opening unchanged to 1/4c off, including December at 70 1/2 to 70 1/4c, the market made slight general gains. Provisions reflected the rise in the hog market. Offerings were light. Further upturns which took place were ascribed in part to gossip about a big loan to Germany. Predictions of wet weather had an additional bullish effect, and so too did scarcity of cars. The close was steady; 1/4c to 1/2c net higher with December 1.27 to 1.27 1/4 and May 1.23 1/4.

AUSTRIAN GENERALS ON TRIAL.
By Associated Press Leased Wire
Vienna, Tuesday, Oct. 28.—Generals von Arz and Waldstatten of the Austrian army, who have been subjected to severe censure for ordering the cessation of hostilities on Nov. 3, 1918, thirty hours before the armistice with Italy became effective, were heard today at a secret session of a commission appointed to investigate the allegations against them.

It is claimed the Italians concluded their offensive and captured more than 300,000 prisoners during the period mentioned, all Austrian posts having been ordered to stop firing.
